MINISTRY OF TRANSPORT

14 November 2008

Addendum 1 Expression of Interest (EOI) Invitation, Operation of Branchline Train Services

The NSW mini-budget of 11 November 2008 identified that services on up to five grain lines would be suspended. The Land newspaper was subsequently advised the five lines to close would be:

- Ungarie - Lake Cargellico
- Nevertire - Warren
- Cowra - Koorawatha
- Koorawatha - Demondrille
- Koorawatha - Greenthorpe

Although these lines have been earmarked for closure, no final decision has been made.

The EOI process is non-prescriptive and proponents have been asked to indicate on which branch lines they would propose to provide grain haulage services. The EOI process will therefore inform the final decision as to which five lines will be suspended.
