## **SHOPPER HOPPER A WIN FOR LOCALS**

*The NSW Government is delivering 300 new buses for commuters.*

Wednesday 30 September 2009

Minister for Transport David Campbell today said a new Shopper Hopper bus service would be introduced on 11 October 2009, in response to community requests.

Mr Campbell said the Shopper Hopper 576T service would run from North Wahroonga to Turramurra Station and operate between 10.20am and 2.20pm weekdays.

“A new bus network was introduced to the Hornsby and Ku-ring-gai districts in March this year, following extensive community consultation about the changes,” Mr Campbell said.

“However, since the new timetable was introduced we’ve received numerous requests from locals, especially residents of North Wahroonga, for direct connections to the station, which were altered with the new timetable.

“We have listened to those requests and I’m sure the new Shopper Hopper service will be warmly welcomed by local residents.

“The service will provide connections to key destinations, helping people to access the services they need and encouraging public transport use.”

Mr Campbell said passengers looking for more public transport information or to plan trips should visit [131500.com.au](http://131500.com.au) or call 131500.
