

# Transport Access Program

## Hazelbrook Station Upgrade

**Community Notification**

**December 2019**

### Project update

The Hazelbrook Station Upgrade is part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

During November, work included:

- installation of new electricity and a supporting pole on Addington Road, as well as the ongoing installation of main cables for the electrical power supply
- ongoing installation of new safety screens on the footbridge
- alteration of lift landing rails
- packing up of the site compound on Railway Parade
- platform rectification work and the relocation of two platform seats to provide an accessible pathway from the lift to the family accessible toilet
- landscaping work on the station and car park and continuing upgrades to the pedestrian crossing and footpath
- upgrading overhead electrical cables on Addington Road
- opening of the family accessible toilet.

### Work planned for December

Activities scheduled this month includes:

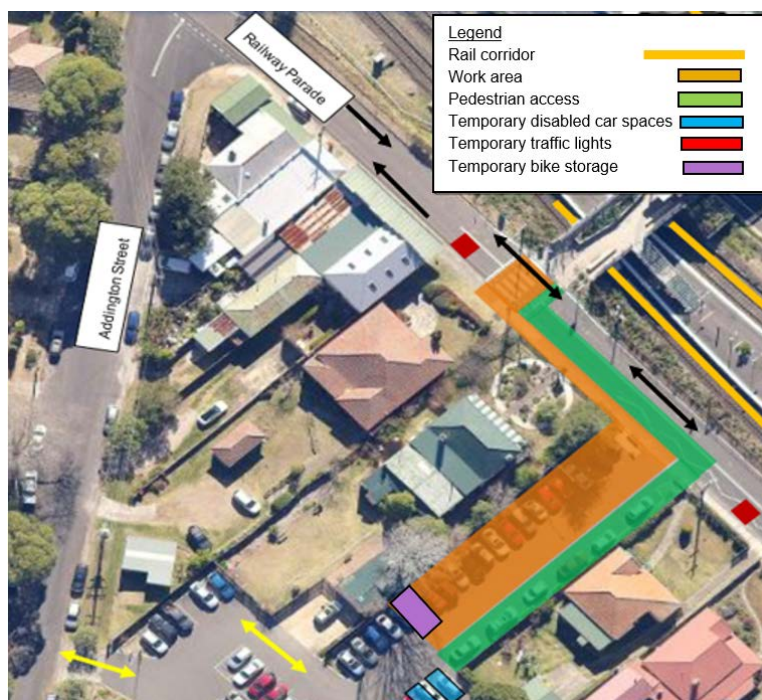

- completion of the canopy over the family accessible toilet
- final installation of the safety screens on both sides of the lift landing
- opening the lift for operation between the station platforms and footbridge
- installation of the main cable to the electrical power supply
- completion of lift landing rails
- upgrades to platform stairs and handrails
- installation of tactile ground surface indicators on the platforms
- continuing landscaping work on the station and car park
- completion of the car park upgrade, footpath and pedestrian crossing on Railway Parade
- opening of the ambulant toilet.

### Changes to parking spaces

To continue constructing the new accessible parking spaces in council's commuter car park, some car spaces will remain unavailable until early December 2019.

Access to the car park will remain open via Addington Street. Please refer to the map overleaf.

## Commuter parking and pedestrian changes in Hazelbrook

### Standard working hours

December work will take place in standard work hours between **7am to 6pm, Monday to Friday and 8am to 1pm Saturdays**. We will continue to inform the community ahead of any activities outside of standard work hours. We understand upgrades to the station can bring some inconvenience during construction and thank you for your patience during this time.

### And that's a wrap

Transport for NSW and Downer EDI would like to thank the community for their continued support and cooperation as we approach the completion of the Hazelbrook Station Upgrade. With construction kicking off in January 2019 we have worked hard to deliver a new lift, upgraded commuter car park, footpath and pedestrian crossing, upgrades to station amenities, CCTV and lighting for improved safety and security.

It is a result of the community's feedback, support, patience and understanding, that the project will be completed on time and will deliver the community fully accessible, secure and integrated transport infrastructure.
