

# Transport Access Program

## North Strathfield Station Upgrade

**North Strathfield Station Upgrade is now complete and the community is able to use the station's new and improved accessibility features.**

Customers can use three new lifts to access all platforms and station amenities, including an upgraded family accessible toilet and ambulant toilet. CCTV and lighting have been improved to increase safety and security around the station precinct.

One new accessible parking space and kiss and ride area are available on Queen Street.

The project was completed as part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

### Key facts:

**369** workers used  
on the project

**21,973** hours  
worked

**50** tonnes of  
structural steel used

**120** tonnes of  
concrete poured

## Key features:

- Three new lifts
- New accessible on-street parking space and upgraded kiss and ride on Queen Street
- Improved amenities including an upgraded family accessible toilet and ambulant toilet
- Upgrades of the existing footpaths
- New footbridge connection
- Upgrades to CCTV and lighting for improved safety and security.

*Customers can now use stairs and lifts to access the station*

**Transport for NSW thanks the local community for its patience and understanding while we completed this important upgrade.**
