

Transport Access Program

Warrabee Station Upgrade

Project update

September 2020

Warrabee Station Upgrade is now complete

Thank you for your patience and cooperation during the upgrade of Warrabee Station. The station and lifts are now open for use and the following work is complete:

- ✓ A new lift and entry points
- ✓ A canopy from the new lift to the station building on the platform
- ✓ A new canopy connecting the boarding assistance zone to the platform
- ✓ Two new accessible parking spaces and a kiss and ride space on Heydon Avenue
- ✓ Four new kiss and ride spaces on Warrabee Avenue
- ✓ New accessible pathways through the station precinct
- ✓ A new family accessible toilet and unisex ambulant toilet
- ✓ A new bike shelter on Heydon Avenue
- ✓ A new power system to supply the new lift and station
- ✓ Improvements to CCTV and lighting.

Finishing work

In the coming weeks, the site offices on Heydon Avenue will be demobilised and the storage and laydown area located on Warrawee Avenue will be removed.

Once the site offices have been removed, the eight parking spaces on Heydon Avenue located where the site compound has been will be reinstated for customer use.

Weekend work – Saturday 17 and Sunday 18 October 2020

On 17 and 18 October 2020, there will be some minor finishing work undertaken around the station.

Work will be completed during a scheduled Sydney Trains track work weekend to enhance safety and minimise disruption to customers and community. No train services will operate and the station will be closed during this time.

Please contact Transport Info **131 500** or visit **transportnsw.info** for more information about replacement bus services.

This work will be low impact and it is not expected to create disruptive noise or vibration.

Thank you to the community

We would like to thank the community for their continued support and cooperation. With the help of the community's feedback, support and patience, Warrawee Station Upgrade was completed early and now provides the community with an accessible, secure and integrated station.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
