

Transport Access Program

Lapstone Station Upgrade

Project update

March 2021

Artist's impression, subject to detailed design.

Upcoming work

Construction activities at the station will continue in March including:

- installation of new services at the station platform and surrounding precinct including electrical, communications, water, sewer and gas
- finishing work to station precinct including landscaping, signage installation, fencing and painting work
- installation of internal lift components
- installation of platform tactiles
- fit out of the station building
- removal of temporary site compounds

Equipment to be used during this work includes excavators, surveying equipment, delivery and concrete trucks, power and hand held tools.

Power supply upgrade

Construction work to upgrade the local power supply at Lapstone Station will continue in March. Activities include the permanent restoration of trenched driveways and footpaths.

Above: construction progress in the lower commuter car park during February 2021.

Equipment to be used during this work includes excavators, delivery and concrete trucks, power and hand held tools.

Station design changes

During the detailed design phase of the project, the following changes to the project have been implemented to ensure constructability and benefit for customers:

- an additional accessible parking space has been created to maximise the number of available parking spaces within the lower commuter car park instead of a 'Kiss and Ride' zone
- new bench seats near the upgraded station entry and on Platform 1 adjacent to the station building instead of within the rock shelf along Platform 1.

Construction hours

Standard construction hours are now 7am to 6pm every day including public holidays.

We understand extending construction hours to weekends and public holidays may cause disruption for the community and all efforts will be made to minimise impacts where possible and ensure strict environmental conditions relating to noise, vibration and dust management are adhered to.

Keep in touch

We will continue to keep the community informed with regular project notifications and frequent online updates published to the project website transport.nsw.gov.au/lapstone.

If you would like to be added to the project distribution list, or for more information on the Lapstone Station Upgrade, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au.

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
