

# Transport Access Program

## Unanderra Station Upgrade

COMMUNITY NOTIFICATION

OCTOBER 2021

The NSW Government is improving accessibility at Unanderra Station. This upgrade will be delivered as part of the Transport Access Program, an initiative to provide a better experience for public transport customers by delivering modern, safe, and accessible infrastructure.

*Site compound being prepared for site sheds and staff amenities.*

### Upcoming work:

Upgrades to the station buildings will begin this month, with work starting for the installation of a new family accessible toilet, upgraded staff toilet and staff areas.

A power supply upgrade will also begin this month.

Site surveying will continue for the new footbridge, lifts and station entrances.

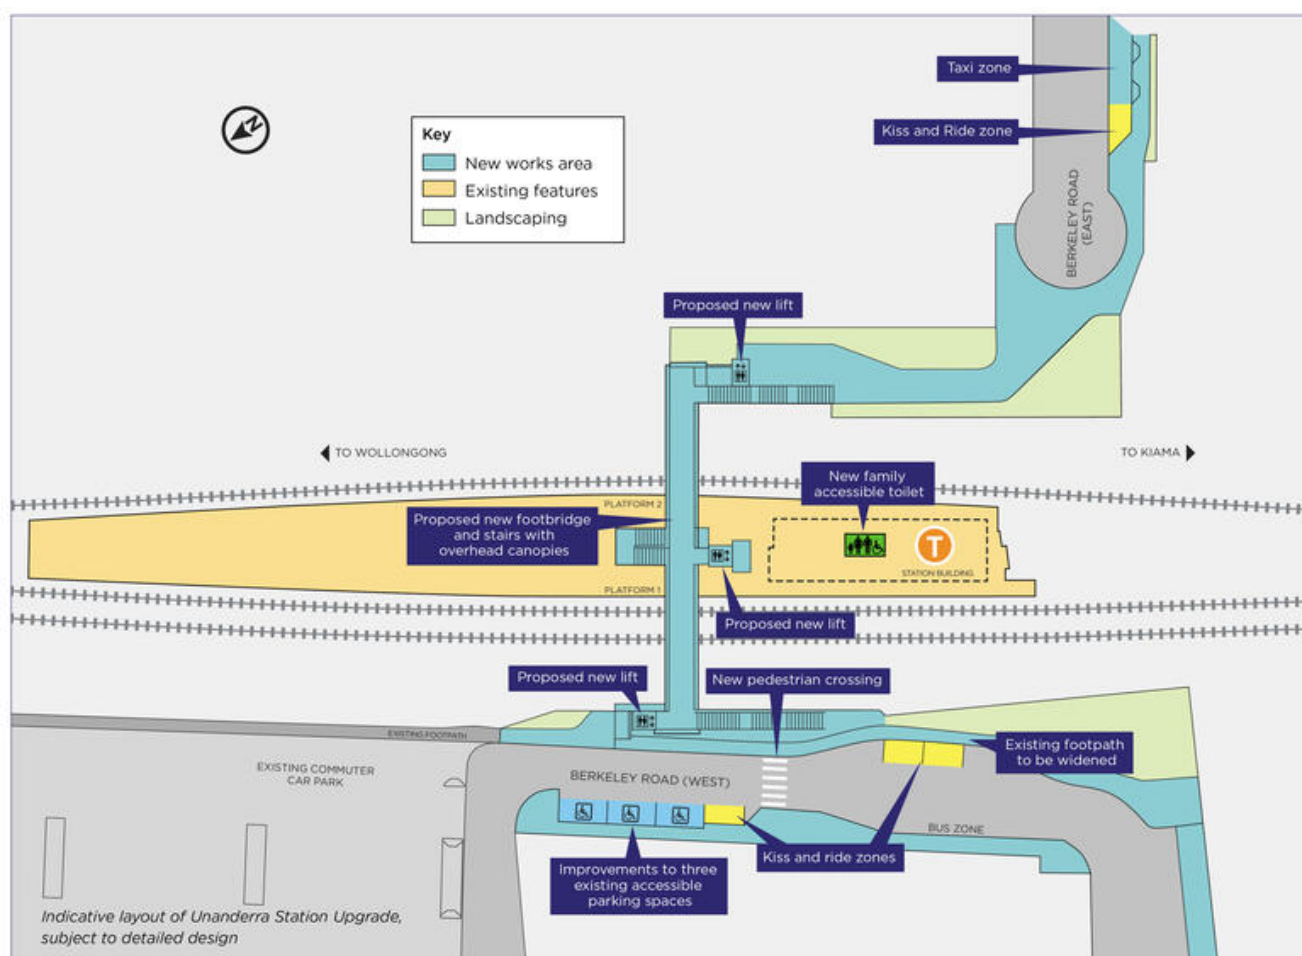

Hoardings will be finalised on the platform and around the existing station building, to create a safe exclusion zone for workers and customers. This will slightly reduce the platform width, and customers are urged to move past these areas for safety and clearance purposes. There will be signage directing passengers along the pathways and platform.

Work will continue to finalise the site compound on Berkeley Road (east) with the installation of site sheds and staff toilets and delivery of some construction materials. Tools and machinery to be used include delivery trucks, crane trucks generators, concrete cutting equipment, power tools and handheld tools.

Unanderra Station Upgrade key features plan, subject to detailed design.

## Working hours

To support industry and continue the delivery of critical infrastructure, the NSW Government has amended the rules around operating hours on work sites. Sites are now able to operate **7 days a week and on public holidays from 7am to 6pm**. These amendments allow work sites to support social distancing and the health and wellbeing of workers.

To make up for the delays caused by COVID-19 restrictions, Unanderra Station Upgrade will be using these extended hours and some weekend work will be taking place on Saturdays in line with the COVID-19 extended hours.

## Keep in touch

We will continue to keep you informed with regular project updates. Further information is available on the project website [transport.nsw.gov.au/unanderra](https://transport.nsw.gov.au/unanderra)

If you would like to be added to the project distribution list, please contact us on **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au).

For all urgent enquiries or complaints regarding work activities, please call our 24-hour Construction Response Line on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
