

Sydney Trains

Lewisham Tree trimming for electrical safety

Saturday 22 May

What we're doing

Sydney Trains is undertaking vegetation maintenance at 54 Thomas Street, Lewisham on Saturday 22 May.

Safety around our electricity network is one of Sydney Trains key priorities. Keeping vegetation, particularly tree branches, clear of powerlines and power poles helps prevent injury to people and damage to property. It also reduces the possibility of interruption to train services occurring.

The vegetation clearance will:

- Minimise the possibility of accidental electrocution
- Reduce the risk of fires caused by electricity
- Reduce the risk of power interruptions caused by branches touching overhead wires.

We understand this work will have an impact on you and we appreciate your patience and understanding

How this affects you

Noise

- These works may create additional noise during the day and night. We apologise for the inconvenience this may cause.
- **Work will take place between 7am and 3.30pm on Saturday 22 May.**

Traffic and Parking

- Traffic controllers will be on duty throughout the works to assist motorists and pedestrians.
- While we will park our vehicles inside the rail corridor wherever possible, please be aware that on-street parking may be limited near worksites.

We apologise for any inconvenience and thank you for your cooperation during these essential works.
