

Transport Access Program

Wahroonga Station Upgrade

March 2022

Transport for NSW is upgrading Wahroonga Station to make it easier for everyone to access, including people with a disability or limited mobility, parents/carers with prams, and customers with luggage.

Project Update

After 17 months of major construction, the Wahroonga Station Upgrade is almost complete. Final work is underway at the station.

Lift now open!

The new lift providing access between Redleaf Avenue and the station platform is now open and operational.

We would like to thank the community for their patience and cooperation while the lift was installed and commissioned.

Please note some work will continue near and around the lift.

New lift structure open in February 2022

Station toilets work complete

Work to upgrade the existing female toilet to a Family Accessible Toilet (FAT) is now complete. Both new toilets are open to the public.

Upcoming work

Work will continue in March 2022, it includes:

- installing new fencing and completing brickwork on new road barriers along Redleaf Avenue bridge walkway
- line marking on the Redleaf Avenue bridge
- finishing work to new pedestrian ramp
- landscaping work and general cleaning

Equipment to be used includes line marking trucks and hand tools.

This work is in line with the current Public Health Orders and a COVID-19 Safe plan is in place, including masks at the station platform and QR codes.

Provisional full bridge closure

Redleaf Avenue bridge will be temporarily closed to traffic from **7pm to 5am on Monday 14 March** weather permitting.

A contingency date has been scheduled for **Monday 21 March** if this work can't take place due to wet weather.

This night work will be carried out to complete the final wearing course of the bridge.

Work will include:

- installation of waterproofing membrane along new concrete bridge deck
- installation of new asphalt wearing course along Redleaf avenue & Railway Avenue

Equipment to be used includes road mill, road saws, lighting towers, excavators, pozi tracks & tipper trucks.

Detours will be in place for southbound motorists **via Ingram Road or Rohini Street** and for northbound motorists **via Rohini Street**. Please follow the direction of traffic control.

Temporary lane bridge closure - night work

A temporary lane closure will be in place on Redleaf Avenue Bridge during **two additional night works**.

One night work is scheduled to take place from **9pm to 3am on Friday 18 March** to complete Optus cutover work. Equipment to be used includes a bucket truck, light vehicles, light towers and hand tools.

A second night work will also take place from **6pm to 10pm on Monday 28 March** to complete pressure cleaning of the brick wall on pedestrian footpath. This work involves the use of a pressure washer.

Two-way traffic will be maintained under traffic control and to divert pedestrians around the area.

Please note severe weather conditions are forecasted during this month. Hence, dates may be still subject to change for upcoming night works. We will notify the community in advance if required.

Pedestrian access changes

Traffic changes may be in place occasionally during daytime work hours on Redleaf Avenue bridge. **It will remain open to traffic traveling northbound and southbound under the direction of traffic control. Please allow extra travel time.**

The pedestrian footpath along the rail corridor between Illoura Avenue and the Heritage footbridge (on the village side) will continue to be closed. Pedestrian access on Redleaf Avenue and the heritage bridge will be maintained, however minor pedestrian detours will be in place around the work site.

Please follow the directional signage in place. **Customer access to Wahroonga station will be maintained** when trains are running.

Construction hours

Standard construction hours are **7am to 6pm every day, including Sundays and public holidays**.

This is to facilitate social distancing on construction sites and support the health and wellbeing of workers. **This work schedule may be subject to change due to NSW public health orders.**

Keep in touch

We will continue to keep the community informed with project updates. Further information is available on the project website

www.transport.nsw.gov.au/wahroonga

If work needs to be rescheduled due to wet weather, we will notify the community via email.

If you would like to be added to the project distribution list to be kept up to date on changes, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au with your name, email and residential address.

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.

Nearby Transport for NSW project

Adjacent to the Wahroonga Station Upgrade, is the Pacific Highway upgrade between Turramurra and Wahroonga Pinch Point Project. During October 2021 and March 2022, work will continue to upgrade intersections of the Pacific Highway at Fox Valley Road and Redleaf Avenue in Wahroonga.
