

Transport access program – Grafton train station

April 2023

Transport for NSW acknowledges the Gumbaynggirr people of the Gumbaynggirr Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The NSW Government is improving accessibility at Grafton Train Station.

Transport for NSW is upgrading the Grafton train station as part of the transport access program.

The upgrade will provide a station that is accessible to those with a disability or limited mobility, parents/carers with prams and customers with luggage.

What work are we doing?

The newly upgraded station is scheduled to be complete in late April allowing the community to utilise the station's new and improved accessibility features.

The new bus shelter at the new bus stop on Crisp Street is expected to be installed in the coming weeks.

When we'll be working

Working hours are from **7am to 6pm Monday to Friday, and 8am to 1pm Saturday.**

All work is dependent on weather and site conditions and subject to change.

We will notify nearby residents and businesses in advance if we need to work outside these times.

Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment.

This includes reducing our noise as much as possible by turning off machinery and vehicles when not in use.

Completed work

Completed improvements include:

- installing a ramp and stairs to main building and inside the coach bay area
- building an accessible path and parking bays
- renovating the ticket office, waiting room and rest rooms, including an accessible toilet
- carrying out safety work on the station platform
- landscaping including installing bike racks and seating
- installing a new bus stop on Crisp Street.

Access, seating and bike racks

Access ramp at the front of the station

Access ramp from coach bay to the platform

Accessible path and parking bays
