

Kiama Station

Upcoming work

In **May 2023**, we will be required to complete some trenching and cable installation work inside the Kiama Park&Ride Commuter Car Park, as part of the More Trains, More Services Program. This work will facilitate the installation of new lighting for the drivers walkway.

Work will occur over a one week period during standard construction hours (**7am to 6pm Monday to Friday and 8am to 1pm on Saturdays**). You may notice some noise from our work.

To enable safe construction, we will be required to reserve two car spaces in the Kiama Park & Ride Commuter Car Park for the duration of the work. See map overleaf.

If you would like to find out more, please contact us through the formal contact avenues listed overleaf.

We would like to thank you, our closest neighbours, for your ongoing support as we work to deliver an improved rail network.
