

Pymble Station Upgrade

Transport Access Program

Project completion notification - June 2023

Transport for NSW acknowledges the Cammeraygal people of the GuriNgai Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Accessibility upgrade now complete

The Pymble Station Upgrade, part of the Transport Access Program to provide a station that is accessible to people with a disability, limited mobility, parents / carers with prams, and customers with luggage, is now complete.

The upgraded facilities and improved accessibility features now available to the community include:

- ✓ three new lifts to connect Pacific Highway, Grandview Street and the station platforms to the existing footbridge
- ✓ a new forecourt on the Pacific Highway side, connecting the existing footpath and bus stop to the new lift
- ✓ improvements to accessible parking spaces near the Pacific Highway lift entrance

- ✓ improvements to amenities including a new family accessible toilet and a unisex ambulant toilet
- ✓ footpath and bus stop upgrades on Grandview Street
- ✓ new handrails and treads on stairs where required
- ✓ additional CCTV and lighting.

Undercover seating now reinstated

Some station undercover seats were relocated in full weather conditions to comply with accessible requirements on the platforms.

Following community feedback received and an assessment carried out on safety zone compliance within the platform edge, five bench seats have been reinstalled in the undercover area to assist passengers while waiting for trains to arrive.

on the project

Finishing works

You may continue to see construction staff on site throughout June to July 2023 while minor finishing works take place including landscaping, rectification and electrical work.

Thank you to the community

We would like to thank the community for their continued support and cooperation during the upgrade of the Pymble Station, providing passengers with an accessible, secure and integrated station.
