

# T8 Airport Line Power Supply Upgrade

## More Trains, More Services

November and December 2023

Transport for NSW pays respect to Elders past and present and recognises and celebrates the diversity of Aboriginal peoples and their ongoing cultures and connections to the lands and waters of NSW.

Transport for NSW is upgrading the power supply to support an increase to the number of services operating through the T8 Airport Line tunnel and support the introduction of the new fleet of trains operating along the T8 Airport Rail Line.

### What work are we doing?

During November and December 2023, work will continue to upgrade the power supply along the T8 Airport Line tunnel from Central to Wollie Creek Junction.

Work includes:

- cable, overhead wiring and utility installations inside the T8 Airport Line Tunnel
- oversized rail infrastructure deliveries to the Gibbons Street site access point in Redfern

The map overleaf outlines the access point.

### When and where we'll be working

Standard construction hours are **7am to 6pm Monday to Friday and 8am to 1pm on Saturdays**.

For safety reasons some work will take place outside of standard construction hours when no trains are running from:

- **10pm Friday 24 November to 2am Monday 27 November**
- **5pm Saturday 2 December to 7am Sunday 3 December 2023**
- **10pm Friday 8 December to 2am Monday 11 December.**

We will be working inside the T8 Airport Line Tunnel and will use the site access point at Gibbons Street to

load/unload materials and equipment as shown on the map overleaf.

### Out-of-hours deliveries

There will be several oversized out-of-hours deliveries made to the Gibbons Street site access point **between 9pm and 5am from:**

- **Wednesday 22 November to Wednesday 29 November 2023**
- **Wednesday 6 December to Wednesday 13 December 2023.**

### What will this mean for you?

To allow oversized deliveries to access the work area there will be **traffic changes on Gibbons Street** (between Marian and Regent streets) **between 9pm and 5am from:**

- **Wednesday 22 November to Monday 27 November**
- **Wednesday 6 December to Monday 11 December 2023**

Traffic changes include:

- the inside lane travelling northbound along Gibbons Street will be closed during the times outlined above
- traffic control will be in place to direct motorists to merge into the two northbound lanes that will remain open. Please refer to the map overleaf.

You may also notice:

- workers and vehicles
- noise from machinery and equipment.

## Location of site access point

## There's a lot happening

Currently there are multiple project teams, transport agencies and contractors working within the rail corridor. For more information on work being completed by Sydney Trains, please phone 1300 656 999 or visit [www.transport.nsw.gov.au/sydtraincommunity](http://www.transport.nsw.gov.au/sydtraincommunity)

## Managing our impacts

We understand construction activities may cause disruption for the community. We will seek to minimise impacts as much as possible and adhere to strict environmental conditions relating to noise, vibration and dust management.
