

Westmead Bridge Road Upgrade February construction update

From Thursday 1 February to Thursday 29 February 2024

What we're doing

Sydney Trains is upgrading the road-over-rail bridge at Bridge Road, Westmead, to improve traffic flow in the Westmead precinct.

The project includes:

- an upgraded bridge with three traffic lanes, one northbound and two southbound lanes to ease morning peak hour traffic
- a new shared path on the eastern side and an upgraded footpath on the western side of the bridge.

Throughout February works will be carried out on the southern side of the bridge during standard construction hours.

Work will include:

- site access construction and mobilisation
- backfill and excavation
- piling (may commence towards the end of the month).

We understand this work may have an impact on you and we appreciate your patience and understanding.

How this affects you

Traffic and Parking

- A contraflow will be in place on Alexandra Avenue, between Bridge Road and Hawkesbury Road during weekdays. Traffic flow will be maintained in both directions.
- Traffic control will be on duty to assist motorists and pedestrians during the affected periods.
- There will be reduced parking on Alexandra Avenue near Bridge Road on the railway corridor side of the road.

Noise

- These works may create additional noise.
- **Standard construction hours are from 7am to 6pm Monday to Friday and 8am to 1pm on Saturdays.**
- We will select low-noise compressors and equipment where low-noise alternatives are available.

We apologise for any inconvenience and thank you for your cooperation during these essential works.
