

29 May 2019

Mr Matthew Dawson
Project Development Manager
Roads and Maritime Services
Level 6, 90 Crown Street
Wollongong NSW 2500

Dear Mr Dawson

**RE: Albion Park Rail bypass Stage 1 (Croom Regional Sporting Complex Reconfiguration)
Construction Compliance and Pre-Operational Compliance Report: May 2019**

This correspondence confirms that the Environmental Representative (ER) for the Albion Park Rail bypass (APRb) has reviewed the above referenced construction compliance report prior to issue to the Secretary of the NSW Department of Planning & Environment. The subject compliance report covers the period of construction between 01 October 2018 and 31 March 2019 and pre-operational period up to the nominated scheduled date of operation on 01 July 2019.

It is hereby certified that the document entitled:

"Albion Park Rail bypass – Construction Compliance and Pre-Operational Compliance Report – Stage 1 – Croom Regional Sporting Complex Reconfiguration: May 2019" (29 May 2019, Rev. 2)

is a fair and reasonable representation of compliance with respect to the implementation of the relevant portions of the conditions of the Infrastructure approval (SSI No. 6878) and the project Construction Environmental Management Process (CEMPR).

Should you require any further information please don't hesitate to contact the undersigned at your convenience.

Yours sincerely

Toby Hobbs, Principal
Environmental Representative: Albion Park Rail bypass
