

Night work on Alfords Point Road, Alfords Point from Monday 15 August

The NSW Government is funding this \$40 million project to improve safety and traffic flow on Alfords Point Road between Georges River and Brushwood Drive, Alfords Point.

Roads and Maritime Services will carry out asphaltting as part of building the new heavy vehicle inspection bay, on the southbound carriageway of Alfords Point Road, beneath the Old Illawarra Road Bridge.

We will also carry out underboring on Alfords Point Road to install electrical cabling for a future electronic message sign and possible CCTV camera. This work will be carried out at night to minimise impact to motorists.

The work will take up to **four** shifts to complete between **Monday 15 August and Friday 19 August**, weather permitting. Our working hours will be from **7pm to 5am**.

How will the work affect you?

There will be some noise associated with this work. Every effort will be made to minimise noise by arranging the work in stages at different locations across this period.

Every effort will also be made to focus the light only on the working area, however there is likely to be some spill-over of light into some nearby residences.

Traffic changes

There will be some temporary traffic changes to make sure the work zone is safe. Lane closures will be in place and may affect travel times. We have provided a map to show the location of the work.

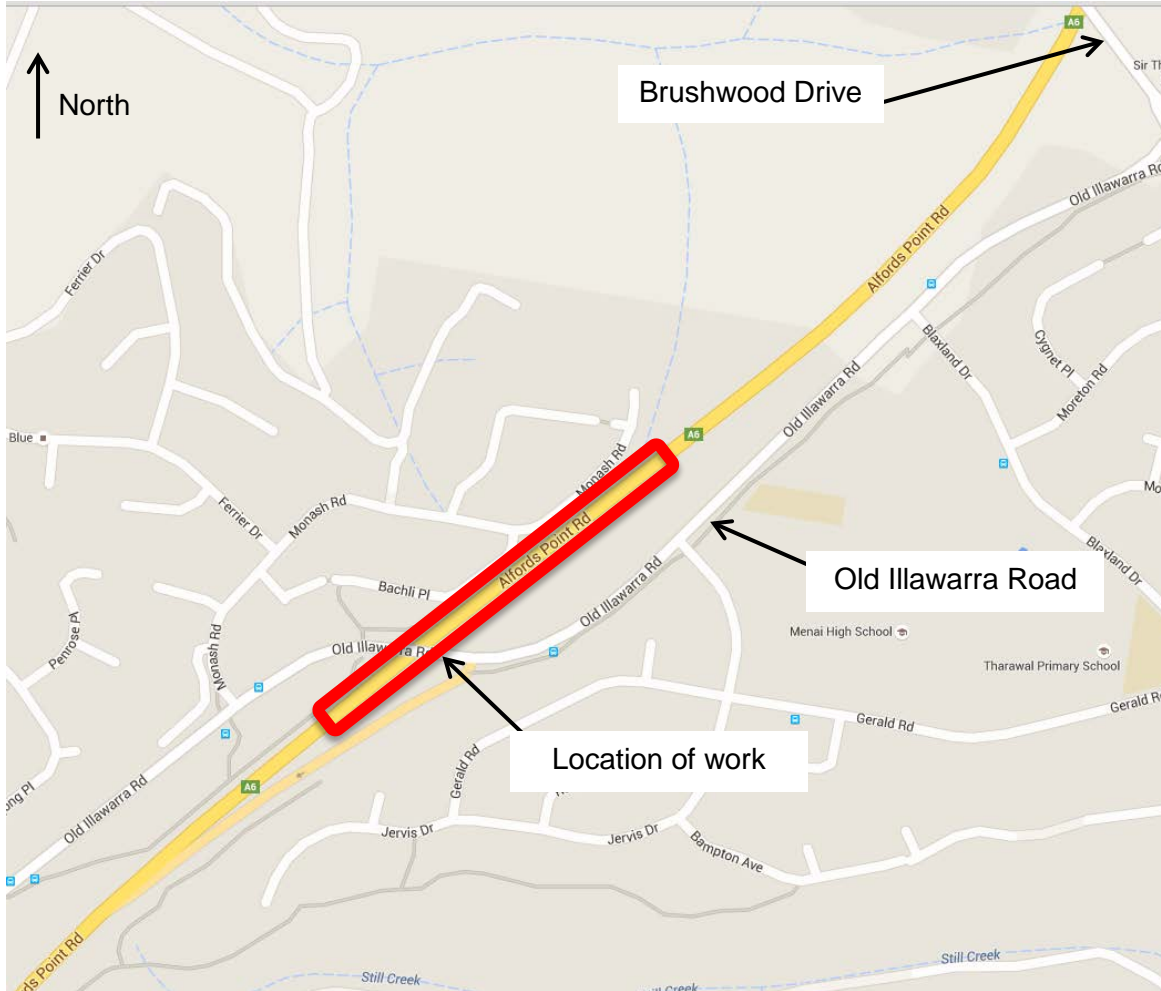

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please call our Project Manager Ken Vo on 0407 900 287 or email alfordspoint@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
