

## Investigation work on Throsby Way, Lavinia Place, Appin Road and St Johns Road from Monday 25 July 2022

Transport for NSW | July 2022

### What are we doing

Transport for NSW have been carrying out ongoing investigation works on Throsby Way and Lavinia Place, Ambarvale and along Appin Road and St Johns Road intersection as part of the Appin Road and St Johns Intersection upgrade. Due to weather delays we still need to carry out some of this work up until the Friday 2 September 2022, weather permitting.

Our work will include surveying to investigate ground conditions, locate underground utilities and checking drainage pits.

These investigations are carried out to collect information that will help inform future improvements to the intersection. The map below shows the area of the work.

## Our work schedule

Work is scheduled to commence from **Monday 25 July** with expected completion by **Friday 2 September 2022**, weather permitting. We will be on site for 15 day shifts and five-night shifts during this period.

Work will occur on **weekdays between 7am and 6pm and Saturdays between 8am and 3pm**. Our **night shift hours are between 8pm and 7am from Sunday to Thursday**.

## How will the work affect you?

The investigation works will be carried out on roads, footpaths, and verges. In some cases, we will also need to carry out some investigations on private property. We will contact the identified landowners and obtain consent to access property prior to any work commencing. We will provide notice ahead of the work. This work is not intrusive and is not expected to be noisy.

## Traffic changes

Temporary traffic changes will be required at times to ensure the work zone is safe.

Partial lane closures and a reduced 40km/h speed limit will be in place. We will try to minimise disruption to traffic.

Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call **132 701**, visit **livetraffic.com** or download the **Live Traffic NSW App**.
