

Work continues on pedestrian bridge over Beecroft Road from Thursday 31 March

The NSW Government is funding this \$5 million project to provide safer access for school students and pedestrians crossing Beecroft Road near Beecroft Public School.

Roads and Maritime Services is continuing to deliver this project, which includes:

- Excavating including vegetation and tree removal
- Building lift shafts and concrete stairs
- Lifting the bridge span into place
- Removing an existing pedestrian crossing on the southern side of the intersection of Beecroft Road and Copeland Road
- Installing a new pedestrian fence on the eastern side of Beecroft Road
- Installing CCTV cameras, lighting on the bridge, new kerb on Beecroft Road and landscaping
- Adjusting and relocating utilities.

Work completed so far includes:

- Removing trees and vegetation
- Establishing a site office
- Adjusting utilities
- Excavating and building foundations.

The next stage of work will include building the concrete stairs and lift shafts and building the bridge span offsite. The bridge will be lifted into place in one shift at night in early June 2016. We will keep the community updated on the bridge lift.

Day work will continue from **Thursday 31 March**. Our working hours will be from **7am to 6pm** between **Mondays** and **Fridays** and from **7am to 1pm** on **Saturdays**.

We will carry out up to **12 night shifts** from **March** until the **end of May**, excluding **Saturdays**. Our working hours will be from **8pm to 5am**. Further night work will be required to complete the project and residents and businesses will be notified before this work starts.

How will the work affect you?

There will be some noise associated with this work but we will make every effort to minimise impacts by completing the noisiest work by **11pm**.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please call our delivery partner DownerMouchel on 1800 332 660 or email enquiries_nsw@downermouchel.com. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
