

Pedestrian bridge over Beecroft Road, Beecroft

The NSW Government is funding this project to provide safe access for school students and pedestrians crossing Beecroft Road near Beecroft Public School.

Roads and Maritime Services invited feedback from the community and stakeholders on tree removal, bridge colour and work hours between July and August 2015. We would like to thank everyone who took the time to consider our proposal and provide feedback.

Following a review of the comments, we have prepared a Community Consultation Report which summarises the feedback and our responses. A copy of this report is available at rms.nsw.gov.au/projects by searching 'Beecroft pedestrian bridge' or by contacting our delivery partner DownerMouchel on 1800 332 660 or email enquiries_nsw@downermouchel.com

What happens next?

Roads and Maritime has decided to proceed with the project. In response to community feedback we will plant some semi-mature trees in the Village Green to replace the trees that need to be removed.

We are preparing a Review of Environmental Factors to assess the environmental impacts of the proposal and outline measures to reduce these impacts. This will be finalised in the coming months and will be made available to view on the project web page.

Construction work to build the pedestrian bridge is expected to start in late 2015. Residents near the project area will be notified before construction work starts and we will continue to keep them updated as the project progresses.

Work will include:

- Construction of the new pedestrian bridge
- Work within the Beecroft Public School grounds to provide access to the work site
- Removal of the existing pedestrian crossing on the southern side of the intersection
- A new pedestrian fence on the eastern side of Beecroft Road
- Vegetation removal
- Landscaping.

The attached map helps to better explain the project.
