

## Night work on the Princes Highway between Boxsells and Abernethys lanes from Sunday 20 March

The NSW Government is upgrading the Princes Highway between Berry and Bomaderry to improve safety, increase road capacity and improve traffic flow.

### What are we doing?

Night work will continue to be carried out on the Princes Highway for the final layer of asphalt to be laid and line marking between Boxsells and Abernethys lanes. The work is being carried out at night for the safety of workers and road users and to avoid extended traffic delays during the day. The work will occur across both carriageways of the Princes Highway and along Meroo Road up to the project's boundary.

Work will take place over **13 nights** with two to four nights of work being carried out each week from **Sunday 20 March to Thursday 14 April between 6pm and 5am**, weather permitting.

Should this work need to be postponed, new dates will be advertised on variable message signs along the highway and on the project website.

### How will the work affect you?

During work hours, traffic will be diverted onto the opposite carriageway. Access in and out of local roads may also be restricted and temporary detours will be provided. Residents will be informed in advance of any changes to access at local roads.

A map showing the remaining area of asphalt to be completed is provided over the page.

Motorists are advised to drive to conditions and follow the direction of signs and traffic control. For the latest traffic updates call 132 701, visit [livetraffic.com](http://livetraffic.com), or download the Live Traffic App.

Transport for NSW thanks the community for their patience during this time.
