

## Changed traffic conditions on the Princes Highway between Wileys Creek and Boxsells Lane from Sunday 3 May

The NSW Government is upgrading the Princes Highway between Berry and Bomaderry to improve safety, increase road capacity and improve traffic flow.

### What are we doing?

We will be carrying out drainage work and safety barrier relocation at two locations on the Princes Highway between Wileys Creek (near Silos Estate) and Boxsells Lane from **Sunday 3 May** for up to four nights, weather permitting.

Night work will be carried out between **6pm** and **5am** to minimise the impact to motorists.

Should the work need to be postponed due to bad weather, new dates will be advertised on variable message signs and on the project website.

### How will the work affect you?

There may be some noise and light associated with this work as it requires excavation, laying drainage and resurfacing the road. We will use excavators, concrete saws, surface compactors and lighting towers during the work. We will make every effort to minimise disruption to residents, with the noisier work to be completed by midnight where possible.

For the safety of motorists and our workers, changed traffic conditions will be in place including lane closures on the Princes Highway, stop/slow traffic control, and 40km/h speed limits.

Motorists are advised to drive to the conditions and follow the directions of signs and traffic control.

### Contact

If you have any questions, please contact the project team on 1800 506 976 or [BerrytoBomaderryUpgrade@DSWJV.com.au](mailto:BerrytoBomaderryUpgrade@DSWJV.com.au).
