

Changed traffic conditions on Princes Highway near O’Keeffes Lane from Monday 6 April

The NSW Government is upgrading the Princes Highway between Berry and Bomaderry to improve safety, increase road capacity and improve traffic flow.

What are we doing?

We will be installing drainage on the Princes Highway near O’Keeffes Lane from **Monday 6 April** for up to three nights (weather permitting).

This night work will be carried out between **6pm** and **5am** to minimise the impact to motorists on the Princes Highway.

Should the work need to be postponed due to bad weather, new dates will be advertised on variable message signs along the upgrade and on the project website.

How will the work affect you?

There may be some noise and light associated with this work which includes the use of lighting towers, excavators, road compactors and demolition saws. We will make every effort to minimise disruption to residents with noisier work to be completed by midnight where possible.

For the safety of motorists and our workers changed traffic conditions will be in place and will include partial lane closures, stop/slow traffic control, and 40km/h speed limits.

Motorists are advised to drive to the conditions and follow the directions of signs and traffic control.

Transport for NSW thanks motorists for their patience during this time.

Contact

If you have any questions, please contact the project team on 1800 506 976 or BerrytoBomaderryUpgrade@DSWJV.com.au.
