

Night work on the Princes Highway between Meroo Road and Cambewarra Road/Moss Vale roundabout

The NSW Government is upgrading the Princes Highway between Berry and Bomaderry to improve safety, increase road capacity and improve traffic flow.

What are we doing?

We will be installing safety barriers, street lighting and traffic control signal upgrades on the southbound carriageway of Princes Highway between Meroo Road and 200m south of the Cambewarra Road/Moss Vale Road roundabout.

Work is planned to be carried out during the **night** from **Sunday 5 December to Friday 17 December**, weather permitting. There will be no more than two consecutive nights of work carried out in the same location.

Our work hours will be between **6pm** and **5am** to minimise any impacts to motorists.

Should the work need to be postponed, new dates will be advertised on variable message signs and on the project website.

How will the work affect you?

There will be some noise and light associated with this work. Work will include the use of lighting towers, guardrail impact driver, excavators, crane trucks, concrete trucks, directional drill rig and construction vehicles.

There will be temporary traffic changes, with lane closures and Stop and Go traffic control in place. We will notify residents in advance of any changes to access.

For the safety of motorists and our workers there will be traffic changes, lane closures, stop/slow traffic control and 40km/h speed limits in place.

Motorists are advised to drive to the conditions and follow the directions of signs and traffic control.

Transport for NSW thanks motorists for their patience during this time.
