

Night work near the intersection of Princes Highway and Abernethys Lane, Meroo Meadow

The NSW Government is upgrading the Princes Highway between Berry and Bomaderry to improve safety, increase road capacity and improve traffic flow.

What are we doing?

We will be carrying out night work on **Wednesday 27 May** and **Thursday 4 June** near the intersection of Princes Highway and Abernethys Lane. The work will include relocating safety barriers, line marking and road surfacing in preparation for traffic to switch onto a temporary access road for Abernethys Lane from **Tuesday 9 June**.

This work will be carried out between **6pm** and **5am** to minimise the impact to motorists.

Should the work need to be postponed, new dates will be advertised on variable message signs and on the project website.

How will the work affect you?

There will be some noise and light associated with this work. The work will include the use of lighting towers, road surfacing machinery and heavy vehicles.

For the safety of motorists and our workers there will be lane closures, stop/slow traffic control, and 40km/h speed limits in place.

From **Tuesday 9 June**, access to and from Abernethys Lane will be via the new access road, about 400 metres south of the current intersection. This arrangement will be in place for about four months. A map of the new access arrangements is provided on the following page.

Motorists are advised to drive to the conditions and follow the directions of signs and traffic control.

Transport for NSW thanks motorists for their patience during this time.
