

Extended work hours on the Berry to Bomaderry Princes Highway upgrade from Saturday 2 May

The NSW Government is upgrading the Princes Highway between Berry and Bomaderry to improve safety, increase road capacity and improve traffic flow.

What are we doing?

On Tuesday 2 April the NSW Government announced that construction sites can now operate on weekends and public holidays under new rules introduced to support the industry during the COVID-19 pandemic. These extended hours allow the industry to facilitate social distancing on construction sites, while minimising the potential for lost productivity during the pandemic.

From **Saturday 2 May**, the new construction hours for the Berry to Bomaderry Princes Highway upgrade will be:

- **Monday to Saturday from 7am to 6pm** (Saturday's were previously 8am to 1pm)

This change is permitted under the Environmental Planning and Assessment (COVID-19 Development-Infrastructure Construction Work Days) Order 2020.

The NSW Environment Protection Authority (EPA) has been consulted in relation to these changes for the Berry to Bomaderry upgrade project.

How will the work affect you?

During the extended Saturday work hours you can expect normal construction activities to take place however we will limit the amount of noisier activities after 1pm to minimise the impact to the community.

We understand that there are greater numbers of people working from home, home schooling and unable to leave their home to avoid construction noise and we thank the community for their understanding during this challenging time.

Contact

If you have any questions, please contact the project team on 1800 506 976 or BerrytoBomaderryUpgrade@DSWJV.com.au.
