

Now completed - bus improvements on the Pacific Highway, Hornsby

May 2021

Thank you for your patience during our recent work on the Pacific Highway between Edgeworth David Avenue and Leonard Street, Hornsby. Our work is finished now.

The extended bus only lane and relocation of the bus stop will help ease congestion, improve traffic flow and safety for road users at the intersection of the Pacific Highway and Edgeworth David Avenue.

After consultation last year, we listened to the community and changed our design to maintain up space for up to eight cars during off-peak times.

Transport is also committed to working with council to identify opportunities to provide local parking options. This work is ongoing.

Before the upgrade

During night work - road asphalting

Bus stop relocated

After the upgrade - bus only lane extended
