

## Work continuing at the intersection of Hume Highway and Bigge Street, Warwick Farm

**The NSW Government is funding this project as part of its \$246 million Pinch Point and Clearways Program, which aims to reduce traffic delays, manage congestion and improve travel times on Sydney's major roads, particularly during weekday peak periods.**

Roads and Maritime is continuing to carry out this work to improve the intersection of Bigge Street and the Hume Highway, Warwick Farm. Work completed so far includes:

- Establishing site compounds on Orange Grove Road and Elizabeth Drive, Liverpool including demolishing two properties and removing asbestos. These compounds will be used to store materials, and will result in truck movements in and out, during the day and night.
- Installing permanent safety barriers and setting up traffic control measures around the Hume Highway and Bigge Street site area.

### What happens next?

The next stage of work will include utility investigation and relocation. This work will take up to **30 night shifts** to complete between **Tuesday 3 January** and **Friday 31 March**. Our working hours will be from **8pm to 5am**, excluding **public holidays** and **Saturdays**. We will also be working during the day. Our daytime working hours will be between **7am** and **6pm**, weather permitting.

We have included a map to help explain the project and its location.

### How will the work affect you?

There will be some noise associated with this work. We will make every effort to minimise its impact, including doing noisier work before **midnight**.

### Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.
