

Project Update – Intersection improvements on Hume Highway and Bigge Street, Warwick Farm

The NSW Government is funding this project as part of its \$225 million Pinch Point Program, which aims to reduce traffic delays, manage congestion and improve travel times on Sydney's major roads.

Roads and Maritime is improving the intersection of Bigge Street and the Hume Highway. Work is expected to be completed in late 2017.

Progress so far and the next stage

We have completed all utility relocation work and installed a No Stopping zone on Bigge Street. Work still to be done includes:

- building a 90 metre long northbound left turn lane on Bigge Street, two southbound right turn lanes on Bigge Street and a westbound left turn lane on the Hume Highway
- installing a No Stopping zone on the Hume Highway.

We have included a map of the project.

Our work schedule

We will be on site for another **66 night shifts** between **Friday 29 September** and **Friday 22 December**, excluding public holidays, weather permitting. Our night work hours will be between **8pm** and **5am** from **Sunday** to **Friday**. Our day work hours will be between **7am** and **6pm** from **Saturday** to **Friday**.

How will the work affect you?

Our work will be noisy at times but we will continue to do everything we can to minimise its impact, including completing the noisier tasks by **midnight** and staging these tasks in different localities.

Asbestos

Roads and Maritime has identified undisturbed asbestos at this site. We are implementing an asbestos management plan that details safe work practices, to ensure the works are managed to strict Environmental Protection Authority requirements with no risk to the public.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
