

Installation of new and extended clearways on Boundary Street, Babbage Road and Warringah Road from Roseville to Roseville Chase

Roads and Maritime Services | January 2018

The NSW Government is funding this program as part of its \$121 million Clearways Program, which aims to reduce congestion and delays on Sydney's roads.

Roads and Maritime Services is installing new weekend and extended weekday clearways on Boundary Street, Babbage Road and Warringah Road from Pacific Highway, Roseville to Roseville Bridge, Roseville Chase. We have included a map to show the location of the new and extended clearways (overleaf).

Extending the operating hours of existing clearways and installing new weekend clearways will help manage traffic flow and delays by restricting parking on the main road during busy periods on the corridor. It will also allow us to tow vehicles that stop illegally or break down. This will ensure that all lanes are available to traffic on these roads during clearway hours.

The new weekend and extended clearway hours will operate in both directions from:

- **6am to 7pm on weekdays**
- **9am to 6pm on weekends and public holidays.**

Changes to the clearways will be operational from **Monday 22 January 2018**. Any vehicles parked in the clearways on or after this date would risk being fined and towed.

We are working with Ku-ring-gai Council to install four '1P' parking spaces (two on Rowe Street and two on Allan Street), and way-finding signage to assist business customers to find the local council car parks.

What happens next?

The new clearway signs and posts will be installed along the corridor between **Saturday 13 January** and **Monday 22 January 2018**, weather permitting. Our working hours will be between **8pm** and **5am** from **Monday** to **Sunday**. There may be some noise associated with this work but we will do everything we can to minimise its impact, including completing the noisier tasks by 11pm.

During the installation work, there will be some temporary traffic changes to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

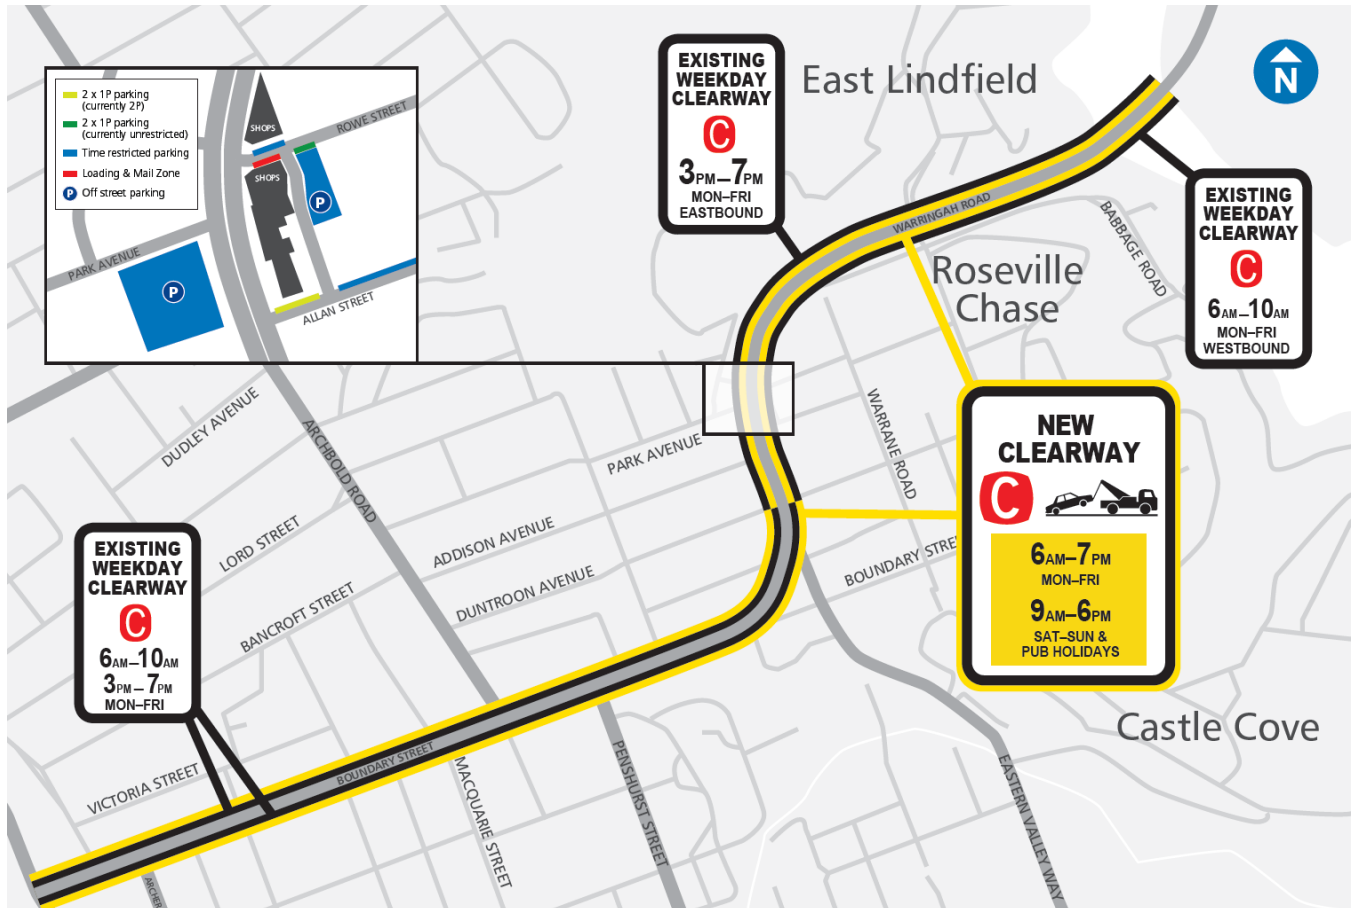

What is a Clearway?

A clearway is a section of road where stopping and parking is not allowed during the times shown on the clearway sign. Clearways are put on key roads with heavy traffic and congestion. They help keep vehicles moving by making all lanes available to motorists. The only exception is the stopping of buses and taxis dropping off or picking up passengers as well as emergency vehicles. If you park in a clearway during the specified hours, you risk being fined and your vehicle can be towed.

To report a vehicle parked in a clearway or if your vehicle has been towed from a clearway, please call Transport Management Centre on 131 700.

Contact

If you have any questions, please contact the Clearways project team on 1300 706 232 or clearways@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au/clearways. Thank you for your patience during this important work.
