BUILDING OUR FUTURE

June 2018

Work at the intersection of Bringelly Road, Camden Valley Way and Cowpasture Road, Leppington from Monday 25 June 2018

The Australian and NSW governments are funding this work as part of the \$509 million Bringelly Road upgrade between Camden Valley Way, Leppington, and The Northern Road, Bringelly. This project is part of the \$3.6 billion Western Sydney Infrastructure Plan.

Roads and Maritime Services has started work to manage soil identified as containing bonded asbestos at some locations on Bringelly Road. Work will take place as required from **Monday 25 June to October 2018**, weather permitting.

Historically, asbestos containing products like fibrous cement sheeting, or 'fibro', were regularly used building materials. Asbestos found in this form is referred to as bonded asbestos. During road work, it is common to find bonded asbestos when carrying out activities like digging in soil or replacing water and communication pipes.

To manage the bonded asbestos, we will remove contaminated soil and encase it under a landscaped mound. The material will have a capping layer installed above, making it inaccessible to the public. A long term plan is in place for future management of the sites.

All work to manage bonded asbestos will be done in strict compliance with Safe Work NSW guidelines and NSW Environment Protection Authority requirements. Management of material will take place by licensed specialists, using dust control and air monitoring. Workers will wear protective suits to comply with health and safety requirements as they may come into direct contact with the material. Signage will also be used to alert the public.

Traffic changes

There may be traffic changes as we carry out this work.

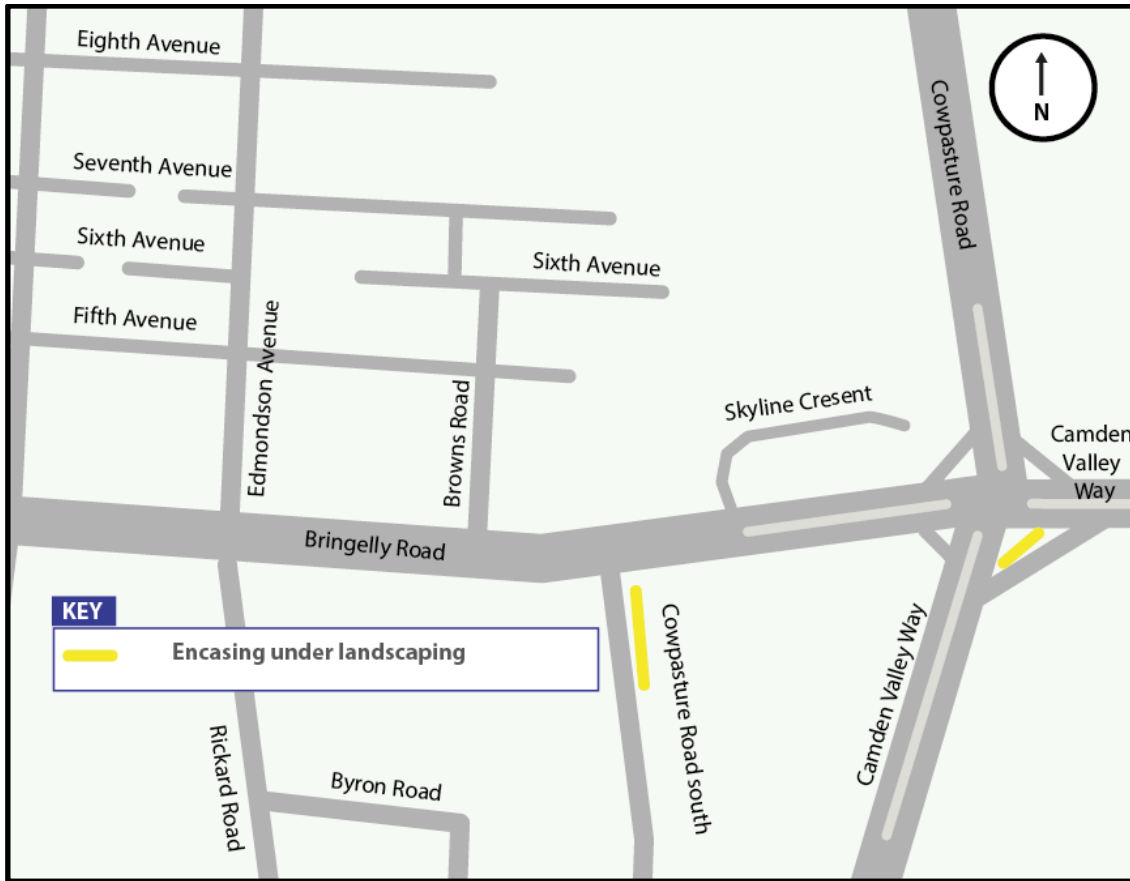

Please keep to the displayed speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our delivery partner, BMD Constructions, on 1800 199 009 or bringellyroadupgrade@bmd.com.au or visit www.rms.nsw.gov.au/bringelly_road

Thank you for your patience during this important work.

Western Sydney Infrastructure Plan

The Australian and NSW governments are funding a 10 year, \$3.6 billion road investment program for western Sydney. The Western Sydney Infrastructure Plan will deliver major road infrastructure upgrades to support integrated transport for the region and capitalise on the economic benefits from developing the Western Sydney Airport at Badgerys Creek. It will also improve safety, increase road capacity and reduce congestion and travel times in the future. For more information on Western Sydney Infrastructure Plan visit rms.nsw.gov.au/wsip or call 1800 703 457.

<p>63 km of new and upgraded roads</p>	<p>Reduced travel times to Penrith, Liverpool and Campbelltown CBD precincts</p>	<p>\$3.6 billion investment in major transport infrastructure</p>	<p>4000 direct and indirect jobs over 10 years</p>	<p>Improve the efficient movement of state and national freight</p>	<p>Provide opportunities for improved public transport</p>	<p>Make western Sydney an even better place to live and do business</p>	<p>Transform the local economy</p>
