

Archaeological investigation work on Campbelltown Road, Bardia, from Tuesday 14 March

The NSW Government is planning to upgrade Campbelltown Road between Camden Valley Way, Casula, and Brooks Road, Denham Court, to improve safety and increase road capacity.

As part of this planned upgrade, Roads and Maritime Services will carry out archaeological investigation work along the northern side of **Campbelltown Road**, between the Hume Motorway and the Sydney Metro South West Rail Link, from **Tuesday 14 March**.

The investigation work will be carried out from **Tuesday 14 March** until **Friday 31 March**, weather permitting, during standard working hours between **7am and 6pm**, from **Monday to Friday**.

The work will involve:

- installing temporary environmental controls to minimise soil erosion and movement
- excavating and backfilling one-metre square sample sites for archaeological investigation.

We have included a map to show the location of the work.

How will the work affect you?

The work will involve the use of machinery which may generate some noise. Small machinery and equipment used during this work may include a watercart, hand and power tools, and a sieve station.

Traffic changes

There will be some temporary traffic changes to ensure the safety of workers, motorists, cyclists and pedestrians. Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our Project Manager, Ms Nanthini Easwaran, on 02 9352 9545, or campbelltownroadupgrade@rms.nsw.gov.au. For more information on the project, visit rms.nsw.gov.au. We thank you for your patience during this important work.
