BUILDING OUR FUTURE

Transport for NSW

King Georges Road and Canterbury Road, Wiley Park

Project update | August 2021

The Australian and NSW Governments are upgrading the intersection of King Georges Road and Canterbury Road at Wiley Park to reduce congestion and improve safety. This project is part of a \$240 million investment by Australian and State Governments to fast-track 11 congestion-busting projects as part of the plan to stimulate the economy as it recovers from the COVID-19 pandemic.

We are upgrading the intersection of King Georges Road and Canterbury Road which is currently operating at capacity during peak periods. The project will widen Canterbury Road to provide additional right turn lanes on to King Georges Road in both directions. This will improve traffic flow, reduce congestion and improve safety.
