

November 2020

Work starting on Showground Road and Carrington Road, Castle Hill from Sunday 29 November

The Australian Government and NSW Governments are taking action to improve the reliability and efficiency of bus services, while easing congestion and improving safety for all road users.

Transport for NSW is upgrading the intersections of Showground Road at Carrington Road and De Clambe Drive and widening Showground Road and Carrington Road to provide extra turning lanes and bus lanes.

We will start work on Sunday 29 November. Our work will involve:

- establishing the site compound on the western corner of Showground Road and De Clambe Drive
- installing traffic controls, such as barriers, signs and temporary line marking, along Showground Road and Carrington Road
- undertaking road and utility investigations
- removing the central concrete medians along Showground Road and Carrington Road
- installing a new storm water drainage system under Showground Road
- removing trees and other vegetation.

This project will be completed in August 2022.

Thank you for your patience during this important work.

How will the work affect you?

We need to carry out some of our work at night to minimise traffic disruption and reduce safety risks to the workers and motorists. We will be working up to five nights per week. Our work may be noisy at times, but we will do everything we can to minimise its impact, including completing the noisier tasks by **midnight**. We will not be working between 25 December and 10 January.

Stimulus funding

This project is part of a \$240 million investment by the Australian and NSW Governments to fast-track 11 congestion-busting projects as part of the plan to stimulate the economy as it recovers from the COVID-19 pandemic.
