

Night work on Showground Road, Castle Hill from Wednesday 1 August

The NSW Government is funding this \$41 million upgrade to Showground Road, Castle Hill to reduce congestion and increase traffic capacity.

Roads and Maritime Services is delivering this important project. The project will help to reduce congestion, increase traffic capacity to meet the predicted growth from development in the area and improve safety at several intersections.

As part of the project, Roads and Maritime will be completing outstanding work on the first section of Showground Road from **Wednesday 1 August**.

The work will include:

- drainage work and inspections with CCTV
- replacement concrete work for kerb and gutters.

Our work schedule

To minimise the impact to motorists and residents the work will be completed at night. There will be up to **20 shifts of night work** between **Wednesday 1 August** and **Friday 31 August** between **8pm** and **5am**, weather permitting.

We have provided a map to show the work location.

How will the work affect you?

There will be some noise and light associated with this work. We will make every effort to minimise noise by arranging the work in stages at different locations across this period and completing noisier activities before **12am**. No more than **three consecutive night shifts** will be carried out in the same location. We will focus portable light on the working area to minimise light spilling over into nearby residences.

Traffic changes

Temporary traffic changes are in place along Showground Road to ensure the work zone is safe for road workers and motorists. Please keep to speed limits and follow the direction of traffic controllers and signs.

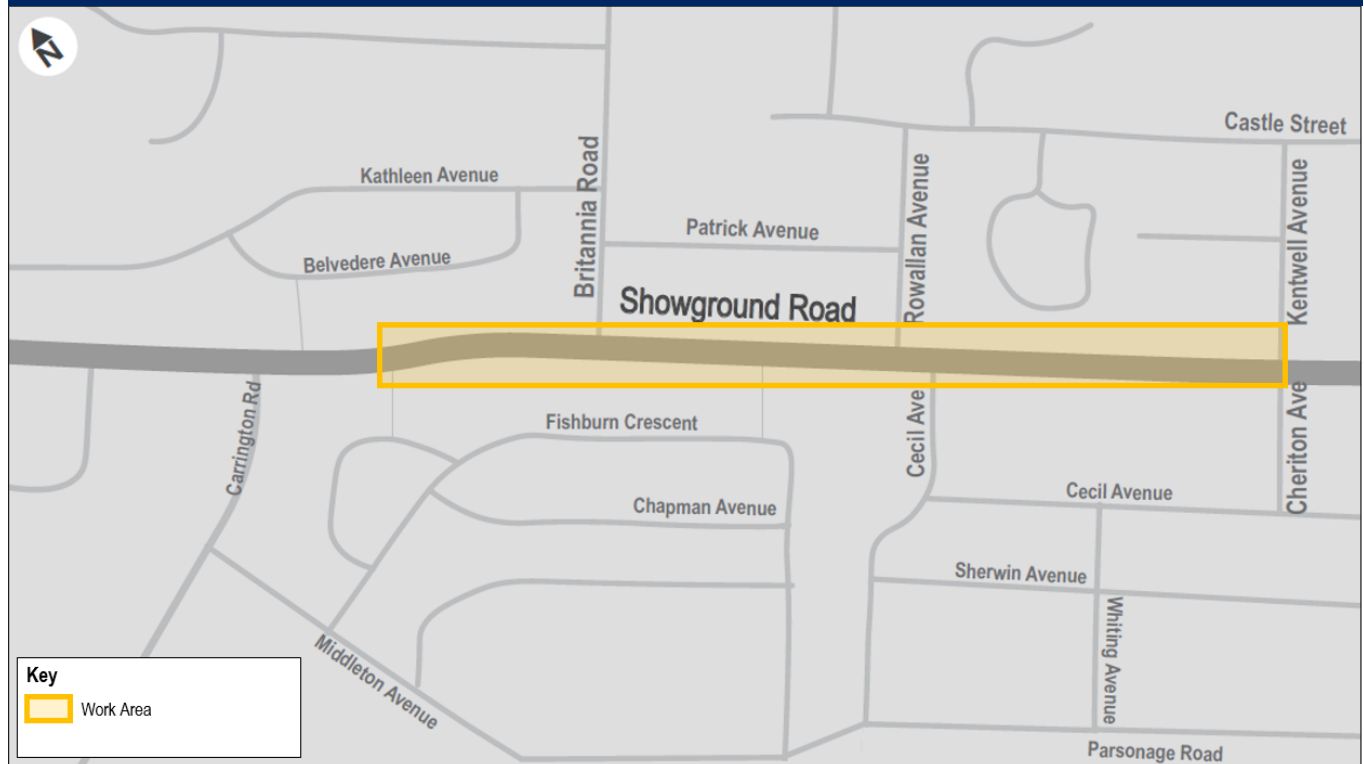

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project updates or have any feedback, please call Seymour Whyte Constructions on **1800 787 417** or email community@seymourwhyte.com.au. For more information on our projects, visit rms.nsw.gov.au

Thank you for your patience during this important work.

Location of work

What happens next?

The section of Showground Road between Kentwell Avenue and Pennant Street will be upgraded from two lanes to four lanes later this year. Roads and Maritime is currently calling for tenders for construction. We will continue to keep the community updated as this progresses.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 1800 787 417.
