

October 2017

Night work and traffic changes on Showground Road, Castle Hill from Monday 30 October

The NSW Government is funding this \$41 million upgrade to Showground Road, Castle Hill to reduce congestion and increase traffic capacity.

Roads and Maritime Services is delivering this important project. The project will help to reduce congestion, increase traffic capacity to meet the predicted growth from development in the area and improve safety at several intersections.

Traffic will be moved onto the newly formed westbound lanes of Showground Road between Carrington Road and Cheriton Avenue, from **7pm on Monday 30 October**, weather permitting. This traffic arrangement will be in place until **February 2018**.

Traffic changes on Showground Road from Monday 30 October

To prepare and complete the traffic changes, there will be **three shifts** of night work between Carrington Road and Cheriton Avenue from **Monday 30 October to Thursday 2 November**, weather permitting. Our working hours will be between **7pm and 5am**.

Day time work will continue. Our day time work hours are between **7am and 6pm** from **Monday to Friday** and between **7am and 1pm** on **Saturday**, excluding public holidays.

Cecil Avenue will be reopen to left only turning in and out as part of the changes. This will stay in place until **February 2018**.

Concrete barriers will stay in place along Showground Road for the safety of motorists and workers. Parking restrictions will continue be in place with the closure of road shoulders along Showground Road.

We have included a map to show the traffic changes and area of work.

How will the work affect you?

A combination of day and night work is needed to maintain safety and balance the impact to nearby residents and local motorists.

There will be some construction noise and lights associated with this work. We will make every effort to minimise noise by arranging the work in stages at different locations across this period. Every effort will also be made to focus lights only on the work area to minimise light spilling over into nearby residences.

Traffic changes

Temporary traffic changes are in place along Showground Road to ensure the work zone is safe for road workers and motorists. **A speed limit of 40 kilometres per hour will continue to be in place.** Electronic message signs will let road users know about the traffic changes. Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Changes to bus stops on Showground Road from Monday 23 October

From **Monday 30 October** the bus stop at the laneway between Showground Road and Fishburn Crescent will be relocated 80 meters west of its present location until the end of construction

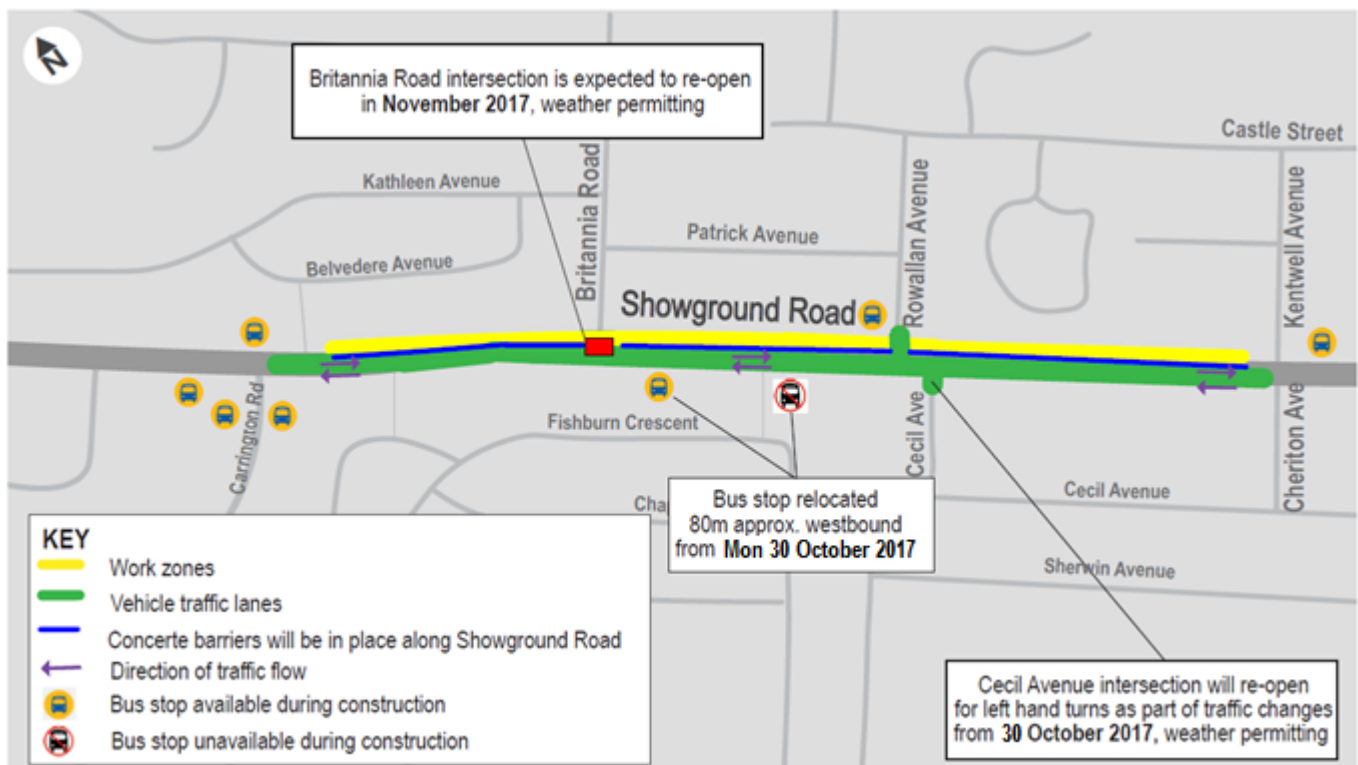

We have included a map to show the traffic changes and bus stop changes within the area of work.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project updates or have any feedback, please contact Seymour Whyte Constructions on **1800 787 417** or community@seymourwhyte.com.au. For more information visit rms.nsw.gov.au/showgroundroad.

Thank you for your patience during this important work.
