BUILDING OUR FUTURE

Central Coast Highway upgrade at Tumbi Road intersection

Submissions report now online – June 2022

The Australian and NSW Governments are planning to improve traffic flow and safety by upgrading the Central Coast Highway for 3.8 kilometres between Wamberal and Bateau Bay. As part of the project, the upgrade of the most congested intersection at Central Coast Highway and Tumbi Road has been fast tracked.

The intersection upgrade would reduce delays and improve traffic flow, as well as improve journey and reliability and safety for all road users. Key features of the upgrade include replacing the existing intersection roundabout with traffic lights, widening the Central Coast Highway north of the intersection to two lanes in each direction, and providing new and upgraded footpaths and shared paths.

An environmental assessment was carried out to identify the potential impacts of the proposed upgrade and activities to reduce them. Stakeholders and the community were invited to provide their feedback between Wednesday 6 October and Monday 8 November 2021. We would like to thank everyone who took the time to provide feedback.

Community feedback

A total of 35 submissions were received with the main comments relating to shared paths and footpaths and changed U-turn capabilities for motorists travelling on the Central Coast Highway. There were also a number of design suggestions raised for the intersection upgrade.

We have published a submissions report summarising the community comments, our responses and details of the decision. The report can be viewed at nswroads.work/tumbi.

Next steps

Subject to funding approval, construction of the project would be expected to start in 2023 and take about two years to complete. We will keep the community updated as work progresses.

Contact

If you have any questions, please contact our Project Team on 1800 490 636 or email CCHUpgrade@transport.nsw.gov.au. To find out more about the broader Central Coast Highway upgrade from Wamberal to Bateau Bay, visit nswroads.work/cch.
