**BUILDING OUR FUTURE**

August 2021

## Night work on Cessnock Road, Testers Hollow upgrade on Monday 16 August

The Australian and NSW Governments are jointly funding this \$17 million project to upgrade Cessnock Road at Testers Hollow to reduce the impact of flooding and improve connectivity.

Transport for NSW and construction partner Daracon Contractors started construction on the new, two lane road in November 2020.

Normal work hours are between 7am and 6pm on weekdays and 8am and 1pm on Saturdays. Some out of hours work is required for the safety of motorists and workers.

Night work will be carried out between **6pm and 5am** on **Monday 16 August**, weather permitting, to allow the installation of safety barriers at the northern end of the project.

### How will the work affect you?

During night work, there may be some minor noise impacts. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

We will continue to keep the community informed about upcoming work as the project progresses.

### Traffic changes

Lane closures and a 40km/h speed limit will be in place during work hours and may affect travel times. Motorists should allow extra travel time during this work.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

### Contact

If you have any questions, please contact our project team on 1800 595 220 or email [testershollow@daracon.com.au](mailto:testershollow@daracon.com.au)

For more information on our projects, visit [roads-maritime.transport.nsw.gov.au](http://roads-maritime.transport.nsw.gov.au)

Thank you for your patience during this important work.
