BUILDING OUR FUTURE

November 2021

Night work on Cessnock Road, Testers Hollow upgrade from Monday 29 November

The Australian and NSW Governments are jointly funding this \$17 million project to upgrade Cessnock Road at Testers Hollow to reduce the impact of flooding and improve connectivity.

Transport for NSW and construction partner Daracon Contractors started construction in November 2020.

Normal work hours are between 7am and 6pm on weekdays and 8am and 1pm on Saturdays. Some out of hours work is required for the safety of motorists and workers.

Night work will be carried out between **6pm** and **5am** from **Monday 29 November** to **Friday 10 December**, and **Monday 20 December** to **Wednesday 22 December** weather permitting. No night work will be carried out on Saturday or Sunday.

During the night work, we will be trenching and drilling along Cessnock Road and near the Cessnock Road and Avery Lane intersection for the relocation of utility services.

How will the work affect you?

There is expected to be some minor noise impacts during the night work. We will make every effort to minimise noise by turning off machinery and vehicles when not in use and completing noisier work before midnight.

We will continue to keep the community informed about upcoming work as the project progresses.

Traffic changes

Lane closures and a 40km/h speed limit will be in place during the work and this may affect travel times. Motorists should allow extra travel time during this work.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Christmas holiday break

No work will be carried out during the Christmas holiday period from **Friday 24 December** to **Sunday 9 January**. Standby crews will be available during this time and site security, including surveillance cameras, will be in place.

Contact

If you have any questions, please contact our project team on 1800 595 220 or email testershollow@daracon.com.au.

For more information on our projects, visit roads-maritime.transport.nsw.gov.au.

Thank you for your patience during this important work.

Testers Hollow, Cliftleigh
