

# New weekday clearways on Bexley Road, Campsie to Bexley

The NSW Government is funding this project as part of its \$121 million Clearways Program, which aims to reduce congestion and delays on Sydney's roads.

The NSW Government is installing new weekday clearways on Bexley Road between Canterbury Road, Campsie and Forest Road, Bexley.

The new weekday clearway hours will operate from 6am to 10am and 3pm to 7pm as shown on the map. It will be operational in both directions from **Monday 1 July 2019**.

The new weekday clearways will replace the existing 'No Parking' restrictions that operate from 6:30am to 9:30am and 3:30pm to 6:30pm Monday to Friday.

Other 'Bus Zone', 'No Stopping' and 'No Parking' restrictions remain unchanged.

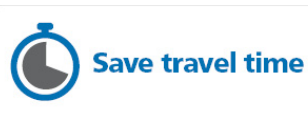

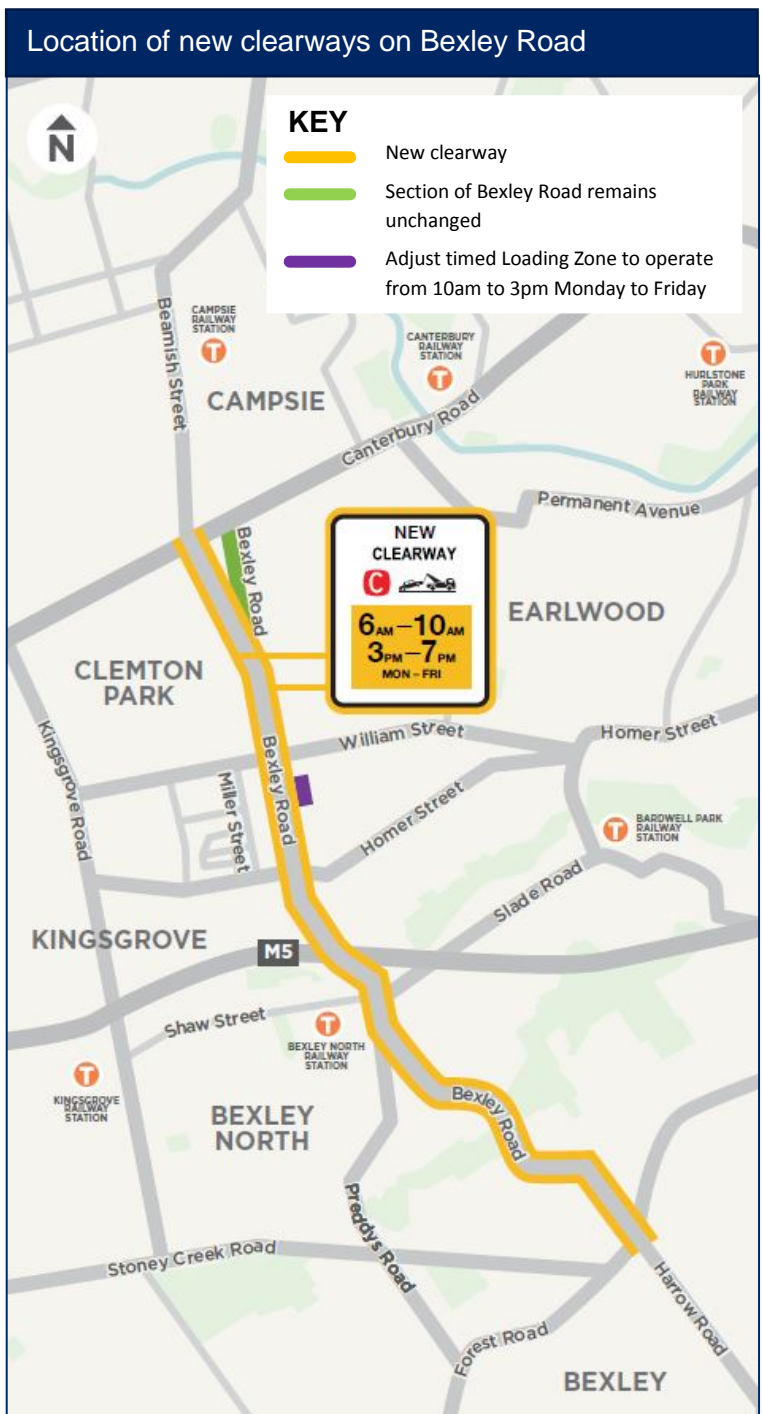

The 'Loading Zone' near William Street will be adjusted to operate from 10:00am to 3:00pm Monday to Friday in conjunction with the new weekday clearways.

## What happens next?

The new clearway signs and posts will be installed between **Monday 24 June and Sunday 30 June 2019**, weather permitting.

Our working hours will be between 8pm and 5am from Monday to Sunday.

If you have any questions about the installation works, please contact our delivery partner, **Ventia Boral Amey Joint Venture (VBAJV)** on **1800 677 700**.

## How will the work affect you?

There will be some noise associated with this work but we will do everything we can to minimise the impact, including completing noisier tasks by midnight.

During the installation work, there will be some temporary traffic changes to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions.

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

## What is a clearway?

A clearway is a section of road where stopping and parking is not allowed during the times shown on the clearway sign. Clearways are put on state roads where traffic is often heavy and congested. They help keep vehicles moving by making all lanes available to motorists.

The only exception is the stopping of buses and taxis dropping off or picking up passengers as well as emergency vehicles and postal vehicles accessing a public post box.

To report a vehicle parked in a clearway or if your vehicle has been towed from a clearway, please contact the Transport Management Centre on 131 700.

## What are the key benefits of clearways?

Clearways:

- reduce congestion by making an additional lane available to traffic
- improve journey times, allowing drivers to get to their destination sooner and more reliably
- improve safety by removing parked vehicles from the kerbside lane
- have an immediate positive impact on traffic flow as it uses existing road space for the movement of vehicles
- improve the efficiency of intersections along the corridor, as all lanes are used.
