

Balls Head Coal Loader Wharf

Drone Survey

Investigation Work from Monday 14 February

Transport for NSW is planning to carry out a drone survey of the Balls Head Coal Loader Wharf from Monday 14 February.

This survey will provide important information on the current condition of the wharf structure and timbers.

What does the work involve?

A site team will be operating the drone from the landside of the wharf. A detailed aerial survey by the drone will capture images and video footage of the wharf.

Our work schedule

The survey is expected to be completed over two days between Monday 14 February and Friday 18 February, weather permitting, and will take place during standard work hours from 7am to 5pm.

Contact us

We will keep the community informed of progress. If you have any questions, please contact Transport for NSW, on 1800 770 973 or northplace@transport.nsw.gov.au
