# Darling Point Wharf Upgrade

## December 2021

We thank the community for providing feedback on the concept design for the proposed Darling Point Wharf Upgrade.

### Consultation snapshot

**97**

submissions received  
during consultation

**36**

drop-in session  
attendees

Over **40,200**  
people were reached  
during consultation

### Consultation report now available

The consultation report summarises the feedback we received and our responses.

View it on our website:

### Next steps

Following feedback on the proposed over-water boardwalk, we will investigate the option of connecting the lift and waiting area via a path along the foreshore instead. More information will be provided during the Review of Environmental Factors consultation in early 2022.

We will continue to keep the community updated as the project progresses.

# Here's what we learnt from survey respondents:

**35%**  
use the  
wharf weekly

**31%**  
find it difficult  
to access the wharf

**92%**  
walk to  
the wharf

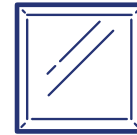

## Lift wall design preferences:

**64%**  
Living wall  
with plants

**22%**  
Stone

**14%**  
Glass

## The top three wharf facilities:

Protection from  
the weather

Look and feel  
of the space

Safety  
and security
