Ellerton Drive extension – increased construction activity

Construction of the \$86 million Ellerton Drive extension project is underway. The Australian and NSW governments have each committed \$25 million towards the project while Queanbeyan-Palerang Regional Council has committed \$36 million.

Work has started south of the Queanbeyan River

Work is underway on the Ellerton Drive extension in the Fairlane Estate area, between the Queanbeyan River and Old Cooma Road. Work in this area includes major earthworks for the new road. There will be heavy machinery operating in this section of the project. We are minimising the impacts to residents that include:

- Work being carried out 7am and 6pm Mondays to Fridays, and 8am to 1pm on Saturdays
- Water carts spraying water over dusty work areas to reduce dust generated by construction activities
- Monitoring of dust, noise and vibration levels.

There will be some noise associated with this work. We will make every effort to minimise noise throughout this period.

We thank you in advance for your patience during this time.

Contact

Our community relations team is available to discuss this work with residents. Should you have any questions, concerns, or would like more information on the project, please telephone the project information number on 1800 116 337 or email ellertondrive@wbho.com.au.
