

Additional investigation work on Herring, Waterloo, Khartoum and Lane Cove Roads and Byfield Street, Macquarie Park, from Monday 26 June 2017

The NSW Government is funding this work as part of the Bus Priority Infrastructure Program, which aims to improve the reliability and efficiency of bus services, while easing congestion for all road users.

Roads and Maritime Services will be carrying out additional investigation work in Macquarie Park. This will include geotechnical work to investigate the existing ground conditions by drilling boreholes and test pits as well as investigating utilities by pot holing, cutting and then reinstating pavements.

To minimise the impact on traffic and to ensure the safety of workers and road users, most of this work will be carried out at night.

The investigation work will take place at the intersections of:

- Waterloo Road and Herring Road and Lane Cove Road
- Waterloo Road and Byfield Street and Khartoum Road.

We have included a map to show the location of the investigation work area.

The investigation work will be carried out between **Monday 26 June** and **Friday 29 September 2017**, weather permitting. The night working hours will be between **8pm** and **5am**. We expect this investigation work to take about **60 night shifts** to complete.

Some work will also be carried out during the day. The day working hours will be from **7am** to **5pm** between **Monday and Friday** and from **8am to 1pm on Saturday**.

How will the work affect you?

There may be some noise associated with some of the work however we will complete the work as quickly as possible to minimise any disruptions.

Traffic changes

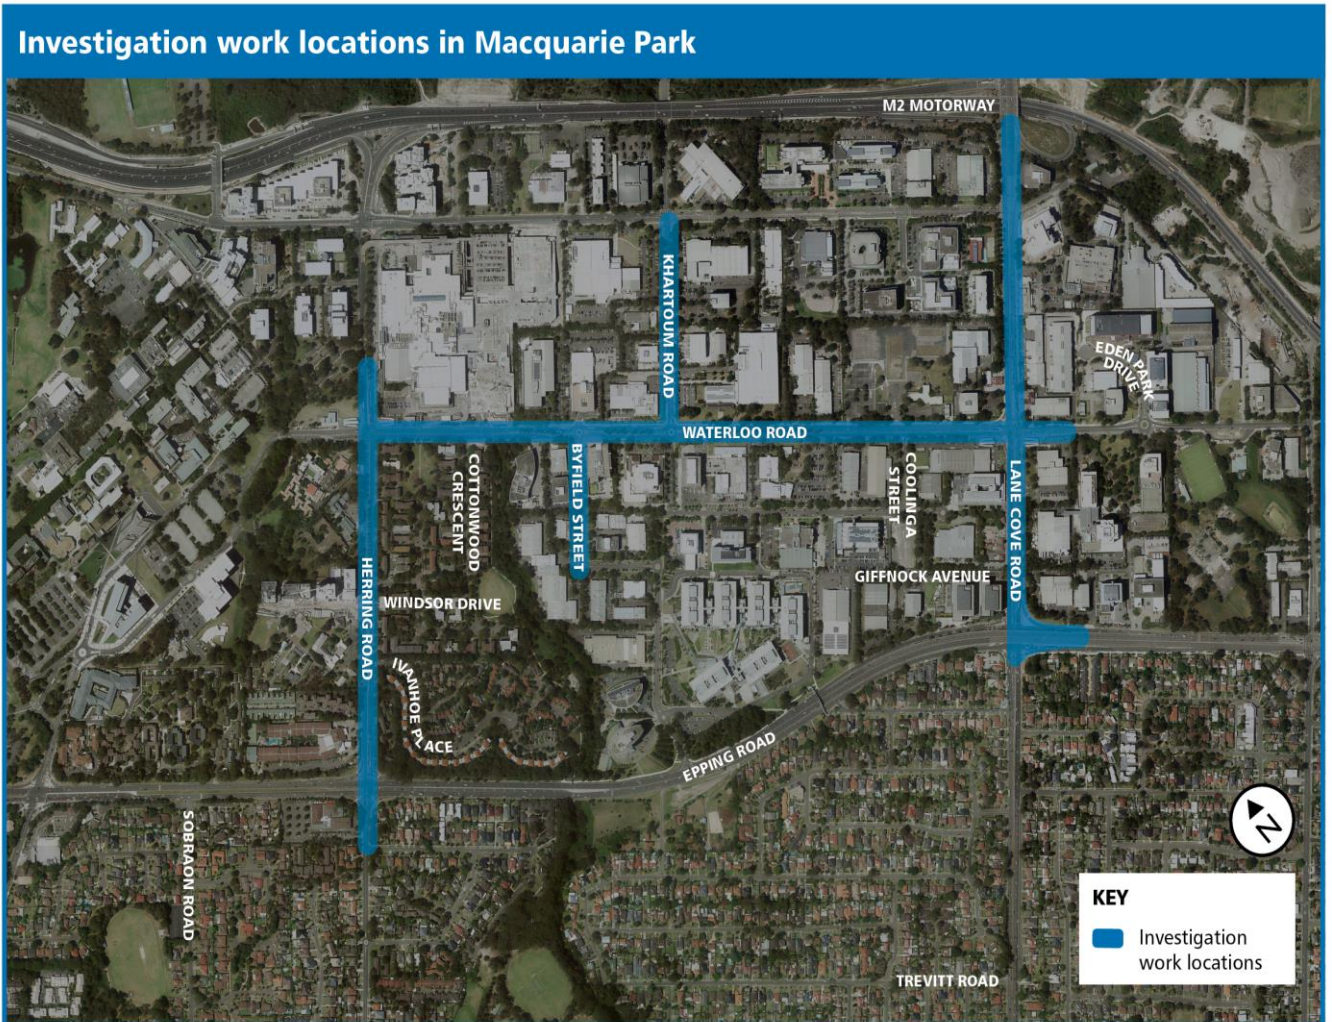

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures may be in place and will affect travel times. Please keep to speed limits and follow the directions of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
