

## Concrete pour at Brighton Memorial Playing Fields, Brighton-Le-Sands on Friday 11 December

We are underway with our work to build your new and upgraded community facilities as part of the M6 Stage 1 project.

On Friday 11 December we will be carrying out a concrete pour for the foundations of the new amenities building.

### What does our work involve?

Our work involves pouring the concrete foundations at the site of the new amenities building.

We will use a concrete truck, concrete pump, lighting and hand tools to complete this work.

### Our work schedule

To ensure the quality of the concrete we need to work continuously and will be required to work outside of our standard construction hours.

**Our work hours will be 7am to 9pm on this day.**

### How will our work affect you?

Our work may be a little noisy as we will need to use concrete trucks and a concrete pump.

We will reduce noise by using low-noise reversing alarms (quackers) on all machinery and by turning off equipment and vehicles when they are not being used.
