

November 2020

M6 Stage 1

Power supply investigations on Wolli Creek Road, Arncliffe, Gardiner Avenue, Arlington Street and Kimpton Street, Banksia from Monday 16 November

We will be carrying out geotechnical investigations in your area so we can determine a power supply route to help us build the M6 Stage 1 project.

We will continue to keep you updated with information about the route and our work to install the power supply.

What does our work involve?

Our work involves carrying out investigations to locate existing underground utilities.

We will use light vehicles, a vacuum excavation truck, concrete saw and a generator to complete the work.

Our work schedule

Our work will move progressively along the route shown over the page. The work will take up to five weeks to complete, weather permitting.

Some of our work may need to take place at night when traffic volumes are lower. We will spend up to two nights at each location.

Our work hours are:

Day work: 7am to 6pm, Monday to Friday
8am to 1pm Saturday

Night work: 9pm to 4am, Monday to Thursday

How will our work affect you?

Our work may be a little noisy as we will be cutting into concrete for short periods of time and using a vacuum excavation truck.

For the safety of our workers and the community, we may need to temporarily close some street parking and make some traffic changes during our work. Please follow our traffic signs and drive safely.

About the M6 Stage 1 project

The M6 Stage 1 project will provide a new four kilometre underground motorway connection between the M8 at Arncliffe and President Avenue, Kogarah, connecting southern Sydney to the motorways network.

When the project is complete, the M6 Stage 1 will remove 2,000 trucks a day from surface roads and help ease congestion – returning local streets to communities.

Currently, infrastructure construction projects are considered essential to the economy and will continue as planned across the city and the state.

The safety and wellbeing of our workforce and the wider community is our highest priority. Our people are following hygiene and appropriate social distancing measures and will continue to do so.

Location of investigation work on Wollie Creek Road, Arncliffe, Gardiner Avenue, Arlington Street and Kimpton Street, Banksia
