

M6 Stage 1

Site investigations on West Botany Street, Rockdale from Monday 27 July

July 2020

The M6 Stage 1 will connect President Avenue at Kogarah to the M8 at Arncliffe, connecting southern Sydney to the wider motorways network.

From Monday 27 July, we will be carrying out investigations at Transport for NSW owned properties on West Botany Street so that so that we can get ready for construction of the M6 Stage 1 next year. Our work area is shown on the map.

The buildings on this site will be removed next year and the site will be used to construct the motorway control centre and ventilation facilities for our project.

We will continue to keep you updated with information as we progress our work.

What does our work involve?

So that these buildings can be removed safely, we will be inspecting them for hazardous materials such as asbestos. We will also be drilling to take ground samples. To do this work we will use small drill rigs, concrete saws and hand tools

Our work schedule

Our work hours will be:

7am to 5pm, Monday to Friday

Our work will take up to four weeks to complete, weather permitting.

How will our work affect you?

Our work will be carried out within Transport for NSW owned properties shown in blue below.

There may be some noise associated with our work. There will be no pedestrian or traffic impacts as part of this work.
