SEPTEMBER 2013

Dear resident

**Re: Princes Highway, Gerringong upgrade – rescheduled temporary road closure and out of hours work on Fern Street between Sandy Wha Road and the Princes Highway, Gerringong.**

Roads and Maritime Services (RMS) is advising residents and motorists of changed traffic conditions on Fern Street between Sandy Wha Road and the Princes Highway, Gerringong to carry out essential road repair work.

The temporary road closure and out of hours work scheduled for Wednesday 21 August 2013 did not take place as other out of hours activities took longer than expected. This meant there was not enough time to complete the work and re-open Fern Street by 6am.

The work that has been rescheduled includes repairing the road surface and line marking. It aims to improve the condition of the road and reduce future damage that may be caused by heavy rain events. The activities may involve an excavator, roller, trucks and light vehicles.

To repair the road safely **Fern Street at this location will be closed to traffic on Sunday 8 September 2013, between 7pm and 6am, weather permitting.**

During the repair work motorists are advised to use Belinda Street to enter and exit Gerringong. Traffic management will be in place on Fern Street for motorists needing to enter and exit the properties between Sandy Wha Road and the Princes Highway. Traffic management and advanced signage will be in place on the Princes Highway to help direct motorists to the detour route. Please see a location map overleaf showing the temporary road closure and detour route.

Once the repairs are completed the road can be line marked. Line marking is scheduled to take place between **Monday 9 September and Wednesday 11 September 2013, between 7pm and 6am, weather permitting.** During the line marking a reduced speed of 40km/h, traffic management and advanced signage will be in place. This work will not require the closure of Fern Street.

The project team will work to ensure that any disruption is kept to a minimum while this essential activity takes place. For more information please contact the community relations team on **1800 506 976** (toll free) or email [gerringongupgrade@fultonhogan.com.au](mailto:gerringongupgrade@fultonhogan.com.au).

Yours faithfully
