

Night works on Great Western Highway, Raglan from November 6

The NSW Government is funding essential upgrade works on the Great Western Highway between Kelso and Raglan to provide a stronger, longer lasting and safer road.

Transport for NSW will carry out the work which includes asphaltting at the PJ Moodie Memorial Drive intersection. We have included a map to show the location of the work.

We will be working between **7pm** and **6am** from **Sunday 6 November** to **Friday 11 November** and expect to complete the work in five nights, weather permitting. We will let you know in advance if we need to do any work outside these times.

How will the work affect you?

The work will involve machinery which generates noise. We will make every effort to minimise this completing noisier activities earlier in the night and turning off machinery and vehicles when not in use.

Access will be provided to properties and emergency vehicles.

Traffic changes

Traffic control, lane closures and a 40km/h speed limit will be in place during work hours and may affect travel times. Motorists should allow up to five minutes extra travel time during this work.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our Project Team on 1800 953 777 or email kelsotoraglan@transport.nsw.gov.au.

For more information on the Great Western Highway upgrade between Kelso and Raglan please visit nswroads.work/kelsotoraglan.

Thank you for your patience during this important work.
