**BUILDING OUR FUTURE**

February 2020

## Partial access closed between Sutton Park, Hargraves Street, Blackheath and Great Western Highway for night work from Thursday 6 February 2020

The Australian and New South Wales governments are upgrading the Great Western Highway between Katoomba and Lithgow to improve traffic flow, safety and travel conditions. As part of this work we are improving the intersection of Great Western Highway and Hargraves Street, Blackheath.

The upgrade has opened to two-way traffic. However there is still some work required to finish the project. We need to complete some asphaltting in Blackheath at the intersection of Sutton Park, Hargraves Street and Great Western Highway.

We have appreciated the community's patience and understanding while we have delivered this project.

To complete this asphaltting work safely for our workers and all road users, we will need to close access for the westbound traffic on Great Western Highway to Hargraves Street and Sutton Park for three weeks. We will close this access will be closed from **Thursday 6 February to 6 pm Friday 21 February**, weather permitting. Our night work hours will be between 6pm and 5am Sunday to Saturday.

We will reinstate our previous vehicle detour until the work is completed. Electronic signs will remain in place along the Great Western Highway to notify motorists.

Local residents have been using a detour via Valley View Road or Wentworth Street to access the Great Western Highway from points further north and south in Blackheath. This closure does not affect traffic travelling along the Great Western Highway.

Please keep to speed limits, follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.
