

Australian Government

BUILDING OUR FUTURE

August 2019

Temporary closure of Hargraves Street at Great Western Highway, Blackheath from Monday 2 September 2019

The Australian and New South Wales governments are upgrading the Great Western Highway between Katoomba and Lithgow to improve traffic flow, safety and travel conditions. Major work is continuing in Blackheath which includes work at the intersection of Great Western Highway and Hargraves Street, Blackheath.

Our work at this intersection is ongoing. The next stage of work is laying asphalt, which will involve closing access between Hargraves Street, Blackheath and the Great Western Highway. This access will be closed between **7am Monday 2 September and 6pm Friday 6 September 2019**, weather permitting.

Our work hours in this area will continue to be **Monday to Friday between 7am and 6pm.**

We have closed this access previously in this project, and will reinstate the previous vehicle detour during this time. Local residents have been using a detour via Valley View Road or Wentworth Street to access the Great Western Highway from points further north and south in Blackheath. This closure does not affect traffic travelling along the Great Western Highway.

Traffic control, detour signs and electronic signs will be in place along the Great Western Highway to notify and direct motorists.

We will continue to make every effort to minimise the impact from our work where possible.

We understand and appreciate our work can be inconvenient and sincerely thank you for your understanding and ongoing patience.

Please keep to speed limits, follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
